WELCOME TO HEMING

ROYAL BRITISH JEWELLERS SINCE 1745

With heritage extending back over 270 years, Heming has built its reputation as a leading British jeweller, renowned for finely crafted innovative contemporary and classic designs.

Heming's ethos is to understand that life is punctuated by occasions of great significance, joy and poignancy. Our aim is to offer the perfect moment to capture the essence of such events – a work of art which is beautiful, durable and wearable.

We specialise in the supply of exclusive diamond engagement, wedding and eternity rings, supported by an extensive inventory of GIA certified diamonds and the finest coloured gemstones from around the world.

Whilst proud of our past we're even more excited about the future for our unique British brand. Heming offers continually evolving collections of exquisite fine jewellery ranging from the most contemporary twist of our Kaleidoscope range through to the classical elegance of our Cascade and 1745 Collections.

Many of our designs are exclusive to Heming and our in-house design team will take on any bespoke challenge to create unique, one-off pieces for individual customers.

We pride ourselves on finding solutions to suit most budgets and are happy to work on commissions to source vintage items, remodel unworn pieces, provide written photographic valuations and a wider range of Jewellery Portfolio Management solutions.

1745 COLLECTION

BY HEMING

Designed in house and created in our London workshops, Heming's core 1745 Collection sets the highest possible standard for our classic diamond solitaire range, with a relentless focus on materials and craftsmanship.

Many designs are unique to Heming, drawing on over 270 years of experience as a leading British jeweler.

Diamond engagement rings are Heming's speciality – we offer unrivalled expertise and service in this field, with a vast inventory of GIA certified diamonds, alongside an exceptional range of classic and contemporary design settings. A small selection of designs is represented in this brochure – the full collection can be viewed online or in store.

DESIGN YOUR OWN ENGAGEMENT RING

The 1745 Collection can be tailored to an individual's exact specification, enabling customers to build their own bespoke 1745 jewels with the stones and materials most suitable for them. This service is provided both in-store and online using Heming's ring-builder facility.

VINTAGE JEWELS

FROM ACROSS THE AGES

Heming's collection of vintage jewellery extends from the Georgian and Victorian periods of the 18th and 19th centuries through the Belle Epoque and Art Deco eras of the early 20th century, to the distinctive design phases of recent decades. Our focus throughout is on quality and condition of the highest standards as well as practical wearability. Each piece is comprehensively catalogued and represents an excellent example of its era. Heming also offers a range of vintage diamonds remounted in classic contemporary settings.

Our services include the design & remodeling of unworn pieces, as well as valuations for probate & insurance. We are happy to offer on the part exchange or immediate outright purchase of unwanted jewellery items and are proud of our reputation for giving fair prices. This can be particularly beneficial in avoiding the high commission charges imposed by auction houses.

RENAISSANCE COLLECTION

Heming's Renaissance Collection is a completely new concept for the 2015 season – an historic design innovation, drawing on the firm's illustrious heritage.

Our designers have created a series of unique pieces which incorporate vintage elements into a series of stunning one-off jewels.

A limited number of items will be produced every year, each signed, numbered & carefully catalogued with their original artwork & design narrative, noting the elements incorporated before receiving the historic Heming seal.

For those interested in the latest Renaissance Collection designs, we provide regular updates via our website and newsletters.

Alternatively we are happy to provide specific details of upcoming designs on an individual basis for collectors.

SERVICE & DESIGN

BY HEMING

Heming supports customers with a full range of jewellery services. These include:

BESPOKE DESIGN AND REMODELING

Typically this will involve the adaptation of an unworn piece, such as the conversion of a brooch to become a necklace centre-piece, or the re-setting of significant gemstones within a new design.

REPAIRS, CLEANING AND RE-STRINGING

Insurance companies often require jewellery to be checked annually to ensure that gemstones and their settings are secure. This provides an opportunity both to restore pieces to their original gleam and to undertake the vital, often minor, repairs which will avert expensive loss or damage.

VALUATIONS FOR INSURANCE, PROBATE OR SALE

Up to date insurance valuations are crucial in safeguarding against loss or theft. As part of its standard service, Heming photographs items for ease of reference. This can be invaluable in the event of future claims and replacement. Insurance cover can be arranged for customers in store.

BUYING IN

Heming will offer on the outright sale or part exchange of unwanted jewellery items. The company takes pride in its reputation for making fair offers, providing an excellent alternative to selling at auction where long lead times, uncertainty of success and high commissions present an expensive, awkward proposition. Further details of the relative auction disposal costs and timelines can be explained on request.

HEMING DIAMONDS

Our workshop is located beside our retail store making it quick and easy to turn around bespoke designs and repairs at short notice.

We provide detailed information and photographic insurance valuations with every item of jewellery purchased at Heming.

We offer 6 monthly checks by our jewellery technicians as part of a comprehensive after sales program. Regular maintenance of your jewellery is important to prevent longer term damage or loss.

We offer customers a lifetime loyalty scheme, which includes ongoing maintenance of their jewellery collections as well as discounts on future purchases.

We have a passion for fine jewellery and scour the international diamond market to select the most desirable stones for our collections.

Our diamond buyers and grading staff are GIA and Gem-A trained, ensuring that customers always receive the top 10% of stones available on the market in any given category. Heming's focus is on the upper end of the colour and clarity grade spectrum, with a relentless focus on the finer nuances of cut, polish and symmetry.

We price all of our diamonds on the day of purchase, to ensure that customers receive the most competitive international rates available.

DIAMOND UPGRADE SERVICE

BY HEMING

An important part of Heming's service is our diamond upgrade commitment, which helps customers to enhance their collection over time. Subject to verification by our gemmologist, a diamond originally bought from Heming can be returned at the price paid in part exchange for a more valuable diamond, subject to the replacement piece having a purchase price at least 50% more than the original item being returned.

SOCIAL RESPONSIBILITY & FAIR TRADE

Heming offers a full-disclosure commitment on diamond jewellery sold in its stores. All our diamonds are purchased from legitimate sources, not involved in the funding of armed conflicts, and in full compliance with United Nations resolutions, European Union trade regulations and the diamond industry's Kimberley Process.
